“Impacting our world
with the truth of God's Word.”

January 5, 2005

I want to confirm in your spirit that we are living in a special time of human history and Biblical prophecy. We are living in the days that we have been praying, believing, and fasting to see. The year 2004 was known as the Year of Fullness, but the year 2005 will be known as the Year of the Overflow!

What is this overflow? It is fullness of callings and gifts of the Spirit into manifestation! I'm talking about you. I'm talking about your stuff, your marriage, your body, and your children. Overflow has arrived in your life! Things are changing; things that once looked impossible will begin to turn around. Your knowing what God is doing will increase and come into fullness.

More than the excitement of a New Year and shouting about God's blessings, God is calling His children to repent and seek His face. As a prophet of God, I say to you: Judgment is coming to the earth in 2005, and God will not put up with flaky, lukewarm mess that plagued so many Christians in 2004. I urge you to put away the weights and sin that clung to you; take your focus off the world, and look to Jesus (Hebrews 12:1-2). God is saying to you, obey my commands, stay in my Word, and keep your prayer lives fresh.

As we set our hearts to know the love of Jesus and release that love to others on purpose, we will see the manifestation of God through the Body of Christ in fullness around the world. Last year fullness, this year overflow!
